

Dermatological Diode Laser System Combo Fully Registered Device With MHRA Model: DPL4M-CMAX

The Very Latest Diode and Multi Combo Pain-Free Laser

Why Choose DLP4?

- **Profitable** – record-quick delivery of ‘pain-free’ laser treatments. **Fast treatments-** DL4 can work at a speed of 4cm²/second to cover an area of
- 240 cm² in 1 minute. **‘Pain-Free’** – thanks to Dual Motion and CMAX ice technology, practitioners can reach temperatures of -20°C for extra
- comfortable treatments **Results** – 2400W Laser/ 5000W power with a record-quick delivery of 10 shots per second. **Flexibility-** Deliver
- treatments in both standard and motion mode. **Effective and Safe** – Mixed wavelengths off 755nm, 808nm, 940nm and 1064nm can treat
- tanned skins and the darkest phototypes with excellent results. This clinically proven device is undoubtedly the most powerful device available
- on today’s market!

Treatments the DLP4 machine offers

1. Laser Hair Removal
2. Acne Treatment
3. Photo Rejuvenation
4. Pigmentation Removal
5. Radio Frequency
6. Carbon Peel
7. Advanced Collagen Facials
8. Tattoo Removal
9. R20 Instant Tattoo Removal
10. Rosacea Treatment
11. SPMU Removal
12. Fungal Nail Eradication
13. Spider/Thread vein Removal
14. Skin Tightening

Incredible EXCLUSIVE Features

- Thanks to our high-quality UK lamp and unique water filter design, the E-Light/SHR handle has a guaranteed 1,000,000 shots life span. The average guarantee from other brands ranges from 300,000 -500,000.
- The diode CMAX handpiece is built from UNITED STATE'S Coherent Laser Source
- 100% Pure AuSn Laser Stack, 20 million Shots Lifespan Ensured.
- 44000uF Individual strong and stable capacitors for stable energy output.
- The device has (Optimal Pulse Technology) to avoid epidermis burns, OPT refers to the square-wave technology. This is a much more advanced and an improved version of IPL technology.
- Easy Interface with pre-set parameters.
- Software Files built in to save clients records, with a self-developed 32-bit processor chip
- Self-intelligent alarm system

DIODE FEATURES

Intelligent Recognition

3 Spot sizes in 1 intelligent recognition of the tips making it 100% unique

3D Magnetic smart tips to cover full body removal

Body Tip: 30* 25mm

Facial Tip: 15*15mm

Mini Tip: 8mm

360 Super Cooling

360 full connections between tip and handle makes so ensure the client receives a 360 super cooling effect, guaranteeing a 100% painless treatment.

REAL -TIME Monitoring

Detects real-time cooling temperature and output energy. Located inside the handle is a high precision PT100 sensor, this controls the sapphire crystal temperature at a continuous of 4°C, this ensures the skin is well protected.

UNIQUE

As soon as you insert the crystal into the machine it will instantly recognise which tip you have inserted then the pre-set parameters automatically.

E-LIGHT FEATURES

2 Working Modes

Two different working modes for large and small area treatments

Super Mode

In SUPER working mode light will be emitted evenly in every single pulse from 1-10hz which allows 10 flashes in 1 second. This is perfect for large treatment areas, i.e.) Full back or legs etc.

E-Light Mode

In E-Light working mode light will be emitted unevenly in multi-pulses from 1-6hz as a group. This is perfect for smaller treatment areas i.e.) Face and neck.

- Offer a variety of different treatments using the included filters: 480nm, 530nm, 590nm, 640nm and 690nm.
- 1 million shot life handpiece guarantee
- Super Cooling E-light/SHR can reach -20 degrees for a painless treatment

Nd;YAG FEATURES

Built with an exclusive UK Sapphire Xenon Crystal and AE6 rod the Nd Yag handle can reach over 1600mj energy.

Strong and uniform energy to make a nicely presented round spot size.

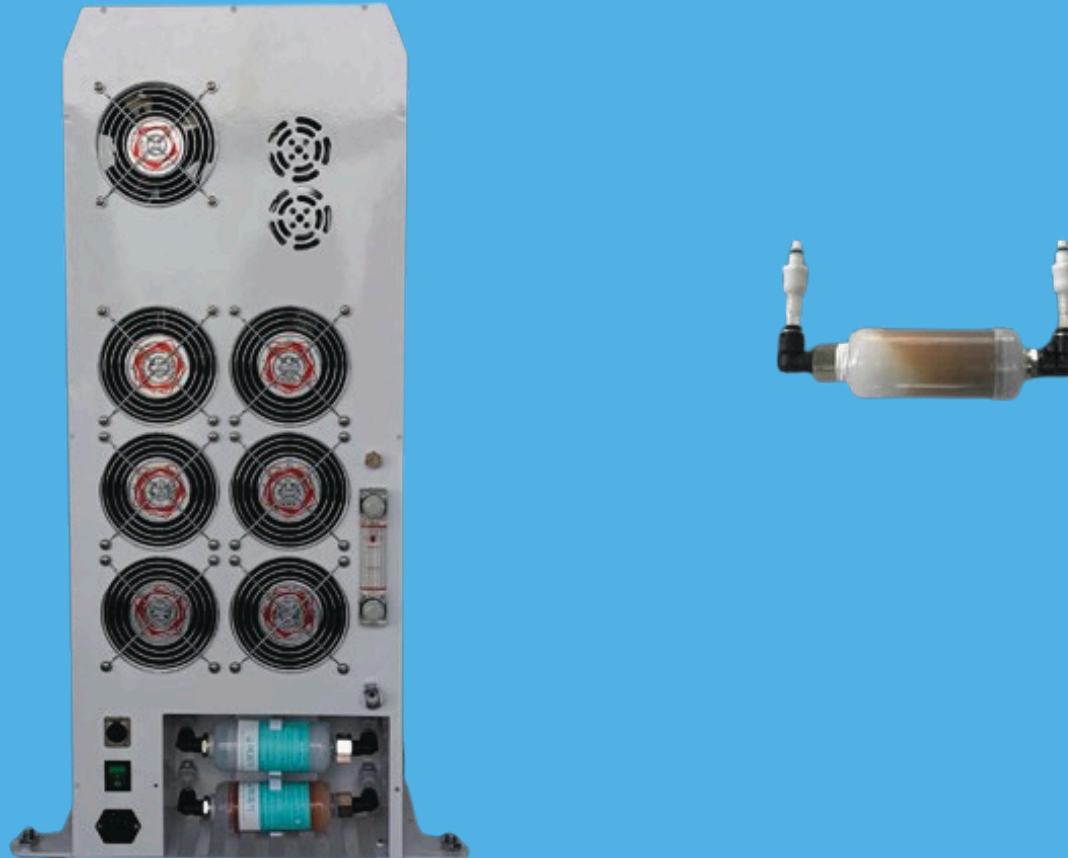

TRIPOLAR RF FEATURES

Simple to use and remarkably efficient. The deep heating encourages the production of collagen and elastin, resulting in tighter and smoother skin.

In addition, when used on the body The deep heating encourages the production of collagen and elastin, resulting in tighter and smoother skin. In addition, for the body, heating the fat cells accelerates metabolism and causes them to shrink, resulting in body shaping and minimised cellular appearance. Simple to use and remarkably efficient, TriPolar treatments deliver body shaping, skin tightening, reduction of cellulite and treatment of wrinkles from the first treatment, and long-lasting results after a course of treatments, without surgery or downtime.

Easy To Change Filter

A well-developed water filter sits on the outer case of the machine. Saving crucial time and mess.

- High Quality Parts
- Each and every part has been quality tested time and time again
- Good Structure ensures long term quality.

High Quality Parts

Every spare parts we use the best, every line is clear. Good structure ensures good quality

Technical Specifications

| Specifications | Diode laser | E-light | Nd:Yag laser | | RF |
|-------------------|--|--------------------------------------|------------------------|-------|----------|
| Lifespan | 40 million shots | 1 million shots | 3 million shots | | Unlitted |
| Power | 1800W-2400W for laser; 5000W for power | 2000W | 500W | | 100W |
| Spot Size | 25*30mm, 15*15mm, 48mm | 15*50mm (or 12*30mm) | 1-10mm | | / |
| Wavelength | 808nm Triple (755+808+1064) 4 wave (755+808+940+1064) | 480/530/590/640/690-1200nm | 532nm, 1064nm, 1320nm | | / |
| Energy Density | 1-150J/cm2 | E-light: 1-50J/cm2 SHR: 1-26J/cm2 | 1000mJ/cm2 | | 1-50W |
| Pulse Frequency | 1-10Hz | 1-10Hz | 1-10Hz | | 1-10Hz |
| Pulse Duration | 10-300ms | E-light: 1-10ms SHR: 1-15ms | 20-30ns | | / |
| Laser Bars/ Lamp | US Coherent laser bars | UK Xenon lamp | 06 rod + UK Xenon lamp | | / |
| Cooling Level | Sapphire Crystal + Air + Closed Water Circulation + Semiconductor +TEC | | | | |
| Display | 15.6 inch True Color LCD touchable Screen | | | | |
| Continue Working | Continuous stand-by working for 10-12hours | | | | |
| Electrical | 100/110V, 50~60Hz, /230V~260V,50~60Hz | | | | |
| Net Weight | 75 KG | | Gross Weight | 42 KG | |
| Packing Dimension | 65*68*120 (W*D*H) | | Volume Weight | 40 KG | |

It's not just the machine you are purchasing it's a set price for the full package including:

- Engineer delivery and set up of device
- Level 5 Tattoo Removal Focus Award Ofqual Approved (If you do not hold the pre-requisite CPD will be issued).
- 3 Days machine operator training at your location.
- All accessories, filters and manuals
- Start Up Kit worth £999 which consists of:
- 4 Pairs of EN166 & EN207 safety glasses
- Clients CE Non-Reflective Blackout Shields
- 50pcs Sterile No Alcohol Wipes
- 50pcs Cotton Pads
- 50pcs Individual Aloe Vera bottles
- Disposable razors
- Micellar Water Wipes
- Skin Tone Analyser Probe
- Spa Headbands
- CE Radio Frequency Gel bottles
- 50PCS Disposable Kidney Dishes
- Warning Signage
- Carbon Paste 50g
- Dolls Training head
- Reusable surgical markers
- Medical gloves

Two years warranty option as standard included. Option to extend the period to 3 or 5 years available at an additional cost of £999 or £1,999 exc VAT for the 5-year period.
